Author Index

Benziane, T. and Campan, M.
Les modalités de communication dans le comportement sexuel de *Calliphora vomitoria* (Diptera: Calliphoridae): vers une interprétation de la parade (29) 85

Campan, M., see Benziane, T. (29) 85
Cassini, M.H., Lichtenstein, G., Ongay, J.P. and Kacelnik, A.
Foraging behaviour in guinea pigs: further tests of the marginal value theorem (29) 99
Cazals, M., see Juberthie-Jupeau, J. (29) 17
Cooper, S.J., see Innis, N.K. (29) 229

Davison, M.
On the dynamics of behavior allocation between simultaneously and successively available reinforcer sources (29) 49

Faure, J.M., see Launay, F. (29) 1
Frafjord, K.
Agonistic behaviour and dominance relations of captive arctic foxes (*Alopex lagopus*) in Svalbard (29) 239

García-Brull, P.D., Núñez, J. and Núñez, A.
The effect of scents on the territorial and aggressive behaviour of laboratory rats (29) 25
Getz, L.L., see Lyons, S.A. (29) 191
Griebel, G., Moreau, J.-L., Jenck, F., Martin, J.R. and Misslin, R.
Some critical determinants of the behaviour of rats in the elevated plus-maze (29) 37

Hansen, C.P.B.
Stereotypies in ranch mink: the effect of genes, litter size and neighbours (29) 165
Hinson, J.M., see Tennison, L.R. (29) 201

Innis, N.K., Cooper, S.J. and Mitchell, S.K.
The determinants of postreinforcement pausing (29) 229

Jenck, F., see Griebel, G. (29) 37
Juberthie-Jupeau, J. and Cazals, M.
Agressivité et compétition entre deux femelles d'espèces différentes, en présence d'un mâle conspécifique de l'une d'elles, chez des coléoptères Bathysciinae souterrains (29) 17

Kacelnik, A., see Cassini, M.H. (29) 99

Lassalle, J.M., see Roullet, P. (29) 217
Launay, F., Mills, A.D. and Faure, J.M.
Effects of test age, line and sex on tonic immobility responses and social reinstatement behaviour in Japanese quail *Coturnix japonica* (29) 1
Lichtenstein, G., see Cassini, M.H. (29) 99
Lyons, S.A. and Getz, L.L.
Reproductive activation of virgin female prairie voles (*Microtus ochrogaster*) by paired and unpaired males (29) 191

Maros, K., see Savory, C.J. (29) 179
Martin, J.R., see Griebel, G. (29) 37
Mills, A.D., see Launay, F. (29) 1
Misslin, R., see Griebel, G. (29) 37
Mitchell, S.K., see Innis, N.K. (29) 229
Moreau, J.-L., see Griebel, G. (29) 37

Núñez, A., see García-Brull, P.D. (29) 25
Núñez, J., see García-Brull, P.D. (29) 25

Ollason, J.G., see Pierce, G.J. (29) 65
Ongay, J.P., see Cassini, M.H. (29) 99

Pierce, G.J., Ollason, J.G. and Speirs, D.C.
Diet selection by common shrews *Sorex araneus* in a depleting environment (29) 65

Roullet, P. and Lassalle, J.M.
Spontaneous exploration, response plus position learning and hippocampal mossy fibre distribution: A correlational study (29) 217

Savory, C.J. and Maros, K.
Influence of degree of food restriction, age and time of day on behaviour of broiler breeder chickens (29) 179
Speirs, D.C., see Pierce, G.J. (29) 65

Tennison, L.R. and Hinson, J.M.
Range effects in transient and maintained generalization gradients (29) 201

Subject Index

Age effects, (29) 1
Aggression, (29) 25
Agonistic behaviour, (29) 239
Allopatry, (29) 17
Alternations of females, (29) 17
Alternative reinforcement, (29) 49
Animal model of anxiety, (29) 37
Arctic fox, (29) 239
Artificial selection, (29) 1

Behavior allocation, (29) 49
Behaviour, (29) 179

Captivity, (29) 239
Cave-living Bathysciinae, (29) 17
Chained schedule, (29) 229
